

“Two words that describe my work are color and movement. I often focus on an emotion, concept or theory and use vibrant color, the layering of contrasting or supporting hues & textures...virtually anything that formulates the excitement of life.

Every piece is a new experience; the challenges & possibilities are truly unlimited!!! The duty of the artist is to bring Beauty & Joy to the World!” KC

## Art by Audience®

This is an innovative experience involving others in the production of an original piece of art. She invites the audience to help design and paint the picture by selecting the paints, canvas, special effects, subject material - even the music!

**Great for Charity Events or Home Parties**

**KC Moore** is locally known for helping other artists and charities.

She has helped many new artists launch into the Sacramento Art World. She initiated the **Guest Artist** program at Midtown Gallery when she was coordinating the shows. Now, many new artists are introduced every year.

She also started the **Annual Youth Invitational** at Midtown Gallery. Every January, she coordinates this show. It is for local school children via referrals from art teachers, gallery owners and other local artists.

*"All the children are thrilled at the Experience of Opening Night!  
It rewards their lives on many levels"*
